EXPERIENCE

Innovation Software Intern Aug 2024 – Jan 2025
Maxis Broadband Sdn. Bhd. *Kuala Lumpur, Malaysia*

- Developed an internal HR platform in Joget for managing 1,300+ contingent workers, automating manual processes and saving RM370k+ annually.
- Engineered a national IoT dashboard in ThingsBoard to monitor 2,000+ routers via Zabbix API integration.
- Presented Dexter, Maxis's in-house AI chatbot, during AI & Analytics Symposium 2024.

Freelance Web Developer May 2025 – June 2025
LTL Global Telecom *Remote, Malaysia*

- Launched the official company website on Wix to boost online presence, with structured pages for About, Services, and Data Centres.
- Improved engagement with a 30% increase in site sessions and 10% growth in unique visitors during the first month.

Part-time Admin Assistant May 2021 – Present
Academind Network *Remote, Malaysia*

- Managed 10+ employees for invoicing, claims, and purchase orders.
- Coordinated 5+ nationwide tech training programs reaching 500+ graduates.
- Oversaw talent outsourcing and placement with external clients.

PROJECTS

AmanahBlock

React, Solidity, OpenAI, IPFS, Firebase

Shariah-compliant blockchain donation platform using AI screening, DAO voting, and halal DeFi integration.

AI-Driven GIS Location System

Vite, JavaScript, Node.js, ArcGIS, OpenAI, MSSQL

Dynamic GIS platform that uses GenAI and rule-based modeling to generate business location suitability maps.

SmartGrow

React, Firebase, Node.js, IoT Sensors

IoT web app automating plant care with real-time sensor data and actuator logic, built for both hobbyists and pros.

Influencer Engagement Analyzer

Python, Streamlit, NLP

Social network + ML tool predicting influencer engagement with SNA, tweet analytics, and optimal posting heatmaps.

HerJourney

Android Studio, Firebase

Mobile app advancing gender equality (SDG 5) with mental health resources and career support for women.

Doraemon AR

Unity3D, Blender, C#

AR app featuring 3D Doraemon summoned via image marker detection using Unity3D.

Employee Connect Suite

React, Node.js, MongoDB, TailwindCSS

HR platform automating employee leave, attendance, and payroll for entrepreneurs and SMEs.

LEADERSHIP & EXTRA-CURRICULAR ACTIVITIES

Local Committee President

Feb 2024 – Feb 2025

AIESEC in Universiti Malaya

- Led a 70-member team in a 56-year-old entity, overseeing all exchange and event operations.
- Achieved 7 national awards including Best Local Entity Award (first in 15 years).
- Hosted MyLDS 2024, the largest youth leadership conference by AIESEC in Malaysia with 170+ delegates.
- Partnered with UNICEF Malaysia for the Love Yourself Project.
- Represented AIESEC Malaysia at Asia Pacific Summit (Nepal) and ASEAN Peacebuilders Conference 2024.

Student Representative & PAL Leader President

Aug 2021 – May 2022

Malacca Matriculation College

- Represented 2,000+ students in the Council, advocating academic affairs and welfare improvements.
- Led PAL Leaders as President, revamped session formats, published guidebooks, and launched digital platforms.
- Organized PAL Gallery Walk, Awards Banquet, and national symposium with other matriculation colleges.
- Collaborated with Bahagian Matrikulasi and PAL Leaders nationwide via the PAL Presidents' Council.
- College achieved No.1 nationwide for most CGPA 4.0 students in PSPM 2022.

AWARDS

Champion, EY Young Technology Professional Challenge (EY YTPC) 2025

EY Malaysia, Dec 2025

Won RM12,000 as Champion out of 139 teams nationwide for developing LajuLink, a logistics optimisation platform built on SAP BTP.

Silver Award – Science & Technology Category, IFEST 2025

Universiti Malaya, June 2025

Awarded Silver Award among 949 participants for Final Year Project showcase under Science & Technology category at IFEST 2025, evaluated by over 300 industry judges.

1st Runner-Up, UMHackathon 2025

Universiti Malaya, April 2025

Won RM5000 as 2nd Place out of 90+ teams for developing AmanahBlock — a blockchain-based, AI-powered Shariah-compliant donation platform.
